ASSIGNMENT, SOCIAL CONSEQUENCES

Select three companies rated by CSR Hub that you might consider working for in any of the following areas:

- Silicon Valley (including San Jose and San Francisco), California
- Los Angeles (including surrounding cities), California
- Seattle (including surrounding cities), Washington
- Portland (including surrounding cities), Oregon
- Phoenix (including surrounding cities), Arizona

For the three companies you select, respond to the following prompts:

- a. Describe briefly what the company does including estimated annual revenue and the types of products that the company sells.
- b. Give a brief description, in your own words, of each of the four ratings (Community, Employees, Environment, and Governance). Which of these measures do you find most useful in evaluating a company's ethical position in the industry and in the global economy?
- c. Compare the three companies you have selected, providing the company name, annual revenue, and the four CSR Hub ratings in a table for easy reference.
- d. Does one company stand out (either good or bad) from the rest? Discuss your thoughts and opinions on what these ratings mean to how you might feel working for one of these companies. Be as honest as possible.
